We have audited the accompanying statements of assets, liabilities and net assets - modified cash basis of CCIDC, Inc. (a California nonprofit mutual benefit corporation) as of December 31, 2010 and 2009, and the related statements of revenue, expenses and change in net assets - modified cash basis and cash flows - modified cash basis for the years then ended. These financial statements are the responsibility of CCIDC, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 3, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of CCIDC, Inc. as of December 31, 2010 and 2009, and its revenue, expenses and change in net assets and its cash flows for the years then ended, on the basis of accounting described in Note 3.

NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 1: NATURE OF ORGANIZATION

CCIDC, Inc. (CCIDC), formerly California Council for Interior Design Certification, is a nonprofit mutual benefit corporation organized under the Nonprofit Mutual Benefit Corporation Laws of the State of California. The primary purpose of CCIDC is to promote the general welfare of persons engaged in the profession of interior design and to administer the process of and rules and regulations governing certification of interior designers as specified in the California Business and Professions Code under the title "Certified Interior Designer."

In October 2001, California lawmakers amended certain provisions of Section 5800 of the California Business and Professions Code. Under the new statute, which became effective January 1, 2002, CCIDC was required to qualify as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (IRC) in order to continue operating as an interior design certification organization. CCIDC had previously been tax-exempt under Section 501(c)(6) of the IRC, which allowed CCIDC to lobby for the benefit of certified interior designers. The primary reason California imposed this new requirement on CCIDC was to restrict it from engaging in lobbying, as organizations exempt under Section 501(c)(3) are not permitted to engage in such activities.

Effective May 15, 2002, the members of CCIDC instituted the following changes in the organization:

- Created a new nonprofit corporation qualified as a tax-exempt organization under Section 501(c)(3) of the IRC and as a qualified interior design organization under Section 5800 of the California Business and Professions Code;
- Transferred the interest of the members and the assets of California Council for Interior Design Certification to the newly formed nonprofit corporation; and
- Dissolved the previous nonprofit corporation after the above-referenced transfers to the new nonprofit corporation were completed.

NOTE 2: AMENDED STATUTE

In February 2009, California lawmakers introduced amendments to certain provisions of Section 5800 of the California Business and Professions Code. Under the existing law it provided for a certification process for interior designers, and repealed those provisions effective January 1, 2010. The amended statute instead repeals those provisions on January 1, 2014, unless a new statute enacted prior to that date extends it. Also under the existing statute, the State required a report, provided by the body that certifies interior designers, on the effectiveness of the California Codes and Regulations Examination (CCRE) has been extended to January 1, 2014, unless a new statute enacted prior to that date extends it. In the current year, both statutes passed the legislature and were signed into law by the Governor and chaptered by the Secretary of State.

CCIDC will continue to administer the interior design certification program in California and will prepare a report as requested by the legislature to be submitted to the Joint Legislative Sunset Review Committee upon request, regarding outreach efforts, examinations, finances, interactions, and materials and information.

NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 3: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies:

- (a) CCIDC's policy is to prepare its financial statements on a modified cash basis that includes capitalizing the purchase of long-lived assets and recording of depreciation on long-lived assets. Under this basis, revenue is recognized when collected rather than when earned, and expenses are recognized when paid rather than when the obligations are incurred. Accounts receivable, accounts payable and accrued expenses are not included in the financial statements.
- (b) CCIDC considers cash in banks and certificates of deposits with maturities of three months or less as cash and cash equivalents. At December 31, 2010 and 2009 there are no cash equivalents.
- (c) Office furniture and equipment is stated at cost, or if donated, at fair value on the date of receipt. CCIDC provides for depreciation over the estimated useful lives of the assets using the straight-line method. The estimated useful lives of these assets range from five to ten years.

Maintenance and repairs are expensed as incurred. Renewals and betterments, which extend the useful lives of assets, are capitalized.
- (d) Certification dues are billed to interior designers in advance and they are recognized when received. Application fees are due when a candidate submits an application and revenue is recognized upon receipt.
- (e) Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) 958-30-130 formerly known as Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations*. Under ASC 958-30-130, CCIDC is required to report information regarding its assets, liabilities, net assets, revenues and expenses according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. CCIDC has no temporarily or permanently restricted net assets.
- (f) The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.
- (g) CCIDC is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and Section 23701d of the California Revenue and Taxation Code. In addition, CCIDC has been classified as an organization that is not a private foundation under Section 509(a)(2). After they are filed, CCIDC's income tax returns remain subject to examination by taxing authorities generally three years for federal returns and four for federal returns.

NOTE 3: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (h) CCIDC has implemented the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820, Subtopic 10 (FASB ASC 820-10), which defines fair value, establishes a framework for measuring fair value, and expands disclosure requirements for fair value measurements.

FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. CCIDC determines the fair values of its assets and liabilities based on the fair value hierarchy established in FASB ASC 820-10. The standard describes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the CCIDC has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an on-going basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the CCIDC's own suppositions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Organization's own data.

The obligations under long-term debt arrangements are carried at its principal amount which reflects the fair market value of this liability.

- (i) Certain items in the 2009 financial statements have been reclassified, with no effect to operations, to conform to the 2010 presentation.
- (j) Subsequent Events
Events and transactions have been evaluated for potential recognition or disclosure through September 27, 2011, the date that the financial statements were available to be issued.

NOTE 4: CASH

CCIDC maintains its cash at a financial institution insured by the Federal Deposit Insurance Corporation (FDIC).
