

PROJECT: Compassion In Design

Big Brothers Big Sisters Of The Greater Sacramento Area

Transformation Space: Kids Area/Family Meeting Space

About Big Brothers Big Sisters Of The Greater Sacramento Area

Since 1964, our local agency has cleared the path to the brightest possible future for youth in Sacramento, South Placer and Yolo counties. We operate under the belief that inherent in every child is the ability to succeed and thrive in life, and we work to develop positive relationships that have a direct and lasting effect on the lives of young people. Our one-to-one mentoring program primarily benefits children, ages 7-18, who are being raised by single parents, grandparents or other extended family, and foster families.

Description of the proposed workspace

Our kids station needs an uplift. We have a waiting area for our prospective little's, where they can watch TV and play games, but it's currently a small space and nothing to write home about. There is currently two conference rooms, a large one and a small one. If possible, we would like to be able to find a creative way to divide the large conference room into two flex spaces and use the smaller room as our kid's area. Turning the current kid's area into a more welcoming reception/waiting area.
