

Foreign Transcript Evaluation

A guide for IDEX® California candidates

If you completed college or university coursework outside the United States, obtain a detailed course-by-course evaluation of your academic records before applying for the IDEX® California examination and certification.

1. Request a course-by-course evaluation

Choose an evaluation agency from the list below. Tell the agency the report is for CCIDC interior design certification. Request a detailed course-by-course report, rather than a general degree summary.

2. Submit your academic documents to the agency

Follow the agency's instructions for official transcripts, degree documents, and English translations. Document requirements, fees, and processing times vary by agency. Confirm these details before placing your order.

3. Have the agency send the official report to CCIDC

Email

idx@ccidc.org

Sent directly by the evaluation agency.

Mail

CCIDC, Inc.
365 W. Second Ave, Suite 221
Escondido, CA 92029

An official report emailed directly by the agency is accepted; a mailed hard copy is not required when the report is submitted this way.

Evaluation agencies
